Schedule Type	Class Time 4 Day Cycle	Class Time 180 Day School Year	Increase
Current Schedule	160 minutes	7200 minutes	
Rolling Drop	165 minutes	7425 minutes	225 minutes

Other Key Things to Know
The block schedule will create less class changes and increase time on task for students
Teachers will be able to go deeper into topics and have less interruptions of their instruction
All students will have a lunch
The common lunch periods will allow students to meet with available staff
We will still have the department resource centers
We will still have curriculum and instruction time 2:30-3:10
Band and Choirs will rotate
Afterschool ensembles will remain the same
Many AP science courses will have prerequisites
Science classes will be extended for a 24 minute lab period when the classes back up to the lunch period
Rotating the classes prevents students who participate in extra-curricular activities from missing the same class for early departures.
