Dear Parents,

In order for Clinton Public School to continue to be able to provide your student with the most effective web-based tools and applications for learning, we need to abide by federal regulations that require a parental signature as outlined below.

Clinton Public School utilizes several computer software applications and web-based services, operated not by CPS, but by third parties. These include Google Apps for Education, Evernote, Dropbox, and similar educational programs.

In order for our students to use these programs and services, certain personal identifying information, generally the student's name, username and/or email address, must be provided to the web site operator. Under federal law, these websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13.

The law permits schools such as CPS to consent to the collection of personal information on behalf of all of its students, thereby eliminating the need for individual parental consent given directly to the web site operator.

This form will constitute consent for CPS to provide personal identifying information for your child consisting of first name, last name, email address and/or username to the appropriate web-operators of the applications and services utilized by CPS during the current academic year.

Student Name/Homeroom: \_\_\_\_\_

Parent/Guardian Name (PLEASE PRINT): \_\_\_\_\_

Parent/Guardian Signature: \_\_\_\_\_
