

CPS PTO ONLINE FAMILY DIRECTORY FORM

Clinton Public School PTO

Clinton, NJ 08809

EIN: 45-4797328

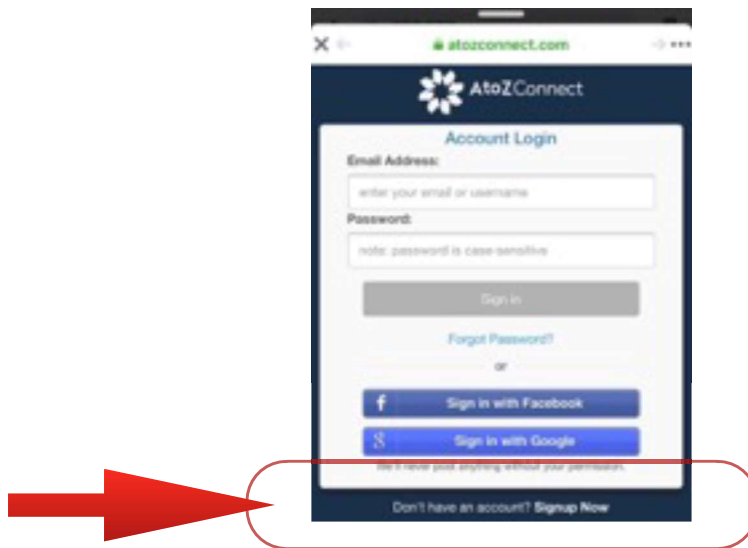

"It's about the kids"

***our previous directory provider, Fourleaf is shut-down.
Our new directory is on AtoZConnect!***

Your Options:

We want to be included in the online directory. How do I make sure my family is included?:

1. If we have your email from the previous Fourleaf directory, you should have received an email from AtoZConnect on Thursday, August 15th at 12pm for instructions to verify your family's information and activate your account. Didn't see it? Check your spam folder, too.
2. **New to CPS, a Kindergarten student, or new to the PTO directory? login at: <https://atozconnect.com/login/>**
You will see this login screen. If the PTO did not have your email in the directory last year, please sign in at the very bottom where it says "Don't have an account? Signup Now." Once you fill in your family's information, we will receive a request to authorize your information and you will get an email back from AtoZ allowing you to login to the directory!

3. Want the PTO to help you? Email Melissa Stowers at mjshoop@uwalumni.com. Provide your name, students' names and grades, your address (optional) and cell phone (optional). Your information will be added to the directory and you will receive a verification/login email so you can access and use the directory.

We DO NOT want to be included in the online directory:

That's OK - if you were formerly part of the directory, please login to AtoZ and delete your family's information. If you have not been a part of the directory in the past, only your child's name will appear on their homeroom class list.

Without providing an email address, you will NOT have access to the CPS directory. You will NOT receive emails or alerts from the PTO through AtoZ related to school events. You will also not be able to login to the directory to access your child's friends names/address for the purpose of scheduling birthday parties, playdates, get-togethers, etc.
