CLINTON-GLEN GARDNER SCHOOL DISTRICT

ADMINISTRATION

Dr. Richard S. Katz, Superintendent/Principal
Mrs. Lisa J. Craft, Business Administrator
Mrs. Christine Steiner, Assistant Principal
Mrs. Jenine Kastner, Supervisor of Special Services

BOARD OF EDUCATION

Mr. Robert Pyle, President
Mrs. Cara Morris, Vice President
Mrs. Patricia Cooper
Mrs. Amanda DiRienz
Mrs. Margaret Layding

Acknowledgments

The following individual is acknowledged for assistance in the preparation of this Curriculum Management System:

Writer's Name: Suzanne Lauricella

**21st Century Life and Careers Integration: Jessica Latanzio Crespo
Barbara Shaffer**

Clinton-Glen Gardner School District

Mission

The mission of Clinton Public School is to inspire our students to become contributing members of society who are independent, innovative, life-time learners equipped with the necessary skills to meet the demands of our ever-changing world.

Philosophy

Experience with and knowledge of the arts is an essential component of student learning in the 21st century. As we meet the needs of a changing world and the 21st century workforce, capitalizing on the unique ability of the arts to unleash creativity and innovation in our students is critical for success. The arts enable personal, intellectual, social, economic, and human growth by fostering creativity and providing opportunities for expression beyond the limits of language. Equitable access to arts instruction is achieved when students have regular experiences in each of the four arts disciplines (dance, music, theatre, and visual art). Thus, the goal of the visual art program is to contribute to students' regular, sequential arts instruction.

As with any language, artistic literacy provides the tools necessary to express one's self. The visual arts curriculum provides the tools with which students can become artistically literate and fosters students who:

- Create, reshape, and fully participate in the enhancement of the quality of life, globally
- Participate in social, cultural, and intellectual interplay among people of different ethnic, racial, and cultural backgrounds
- Possess essential technical skills and abilities significant to many aspects of life and work in the 21st century
- Understand and impact the increasingly complex technological environment.

**New Jersey State Department of Education
Core Curriculum Content Standards**

A note about Visual and Performing Arts Standards and Cumulative Progress Indicators.

The New Jersey Core Curriculum Content Standards for Visual and Performing Arts were revised in 2009. The Cumulative Progress Indicators (CPI's) referenced in this curriculum guide refer to these new standards. A complete copy of the new Core Curriculum Content Standards for Visual and Performing Arts may be found at:

<http://www.state.nj.us/education/cccs/2009/final.htm>

A note about 21st Century Life and Careers Standards and Cumulative Progress Indicators.

The New Jersey Core Curriculum Content Standards for 21st Century Life and Careers were revised in 2009. The Cumulative Progress Indicators (CPI's) referenced in this curriculum guide refer to these new standards. A complete copy of the new Core Curriculum Content Standards for 21st Century Life and Careers may be found at:

**Grades K-2
Visual Art**

Scope and Sequence

Quarter I	
Topic: Line I. Line Exploration a. Six lines of art in the environment and in works of art b. Movement in design through line and line repetition c. Linear repetition to develop patterns and texture	Topic: Shape II. Introduction to shapes in art a. Organic and geometric shapes found in nature and in art b. Methods and materials to apply the element of shape to create works of art
Topic: Color III. Color in Art a. How artists express emotions and communicate ideas through color b. Primary and secondary colors	
Quarter II	
Topic: Color IV. Color Families a. Warm colors b. Cool colors c. Color wheel d. Tints e. Shades	Topic: Art Elements V. How artists express themselves a. Elements of art in diverse types of artwork b. Compare and contrast the ways artists have used the art elements, and use this knowledge to generate original works of art c. Create works of art using the basic elements of color, line, shape, form, texture, space and value d. Art mediums and application methods

Quarter III

Topic: Media and Techniques

- VI. Exploring art and artists
 - a. Examine how artists have expressed themselves with media and techniques
 - b. Create works of art from their imagination, observations, and experiences
 - c. Media, mediums, and techniques in developing an understanding of the art elements and principles of design

Topic: Form and Space

- VII. Form exploration
 - a. Two-dimensional shapes and three-dimensional forms
 - b. How artists use space and form to express emotions and communicate ideas
 - c. Create abstract and realistic compositions using space and form and a variety of materials and techniques

Quarter IV

Topic: Art in Our World

- VIII. Learning about cultures
 - a. Recognize the art of certain cultures by their unique colors, patterns, methods and materials
 - b. Make connections between visual art and daily life
 - c. Learn about functional art

Topic: Principles of Art

- IX. Balance and Symmetry
 - a. Design a symmetrical work of art
 - b. Radial Balance in a composition
 - c. Background, foreground and middle ground in different artworks and use this knowledge to design their own landscape

Suggested days of Instruction	Curriculum Management System	Topic: Line	
	<u>Subject/Grade Level:</u>	Goal 1: The student will be able to identify the 6 types of lines in a work of art and in nature, and develop an understanding of movement in design through line and line repetition.	
	Grades K-2 Visual Art		
Objectives / Cluster Concepts / Cumulative Progress Indicators (CPI's)	Essential Questions, Conceptual Understandings	Instructional Tools / Materials / Technology / Resources / Learning Activities / Interdisciplinary Activities / Assessment Model	
The student will be able to:			
2-6	<p>1.1. Distinguish between the six different lines in art and understand that lines have many qualities such as thick and thin. (1.1.2.D.1)</p> <p>1.2. Identify how artists are affected by past and present cultures. (1.2.2.A.2)</p> <p>1.3. Recognize the contributions of artists from diverse cultures throughout history. (1.2.5.A.3)</p> <p>1.4. Utilize a variety of methods and materials to apply the element of line to create works of art. (1.3.2.D.1)</p> <p>1.5. Discuss how the element of line is used in specific works of art using visual art vocabulary. (1.3.2.D.3)</p> <p>1.6. Recognize lines and linear</p>	<p>Essential Questions: Where in our world do we see lines? How can we create art with lines? How does art talk with lines? How can we use line to create pattern and movement?</p> <p>Conceptual Understandings: The basic elements of art and principles of design govern art creation and composition. Recognizing the elements of art and principles of design in artworks of known and emerging artists, as well as peers, is an initial step toward visual literacy. Visual statements in art are derived from the basic elements of art regardless of the format and medium used to create the art. There are also a wide variety of art media, each having its own materials, processes, and technical applications. Each of the visual art forms uses various materials, tools, and techniques that are associated with unique verbal and visual vocabularies. Visual awareness stems from acute observational skills and interest in visual objects, spaces, and the relationship of objects to the world.</p>	<p>NOTE: The assessment models provided in this document are suggestions for the teacher. If the teacher chooses to develop his/her own model, it must be of equal or better quality and at the same or higher cognitive levels.</p> <p>Depending upon the needs of the class, the assessment questions may be answered in the form of essays, quizzes, mobiles, PowerPoint, oral reports, booklets, or other formats of measurement used by the teacher.</p> <p>Learning Activities: K – Rainbow Fish – linear patterns Using line to create realistic drawing 1 – Linear paper sculptures 2 – Linear patterns & Origami fish Paper Weaving Dragons</p> <p>Assessment Models: Teacher observation Class critique Class participations Self-assessment Group/individual oral assessment</p> <p>Additional Resources: Elements of Line Poster Fine Art Prints showing examples of how artists use line</p>
